New Programs and Those That Loom On the Horizon

New! Program of Wellness Education and Recovery (POWER)—8 week mTBI Program

New! Intensive Outpatient Program (IOP)--8 week for PTSD

- Both programs integrated into a common registry for case mgt and patient tracking

- Annual visits for longitudinal follow up of discharged service members

- Ongoing research to review lessons learned/outcomes, expand clinical practice and support advances in technology

Jun 2010: Transitional Work Program—validate competencies for RTD

Fall 2010: Pursuit of CARF (Commission on Accreditation of Rehabilitation Facilities) accreditation
